

Michel Nahas

Senior Mechanical Design Engineer

Email: michel.nahas@email.com | Phone: +961 XX XXX XXX | Location: Lebanon | LinkedIn: linkedin.com/in/michelnahas

Professional Summary

Senior Mechanical Design Engineer with 10+ years of experience in HVAC, plumbing, firefighting, and MEP systems. Experienced in design development, load calculations, equipment selection, BIM coordination, Revit MEP, AutoCAD, HAP, project management, and multidisciplinary coordination across commercial, residential, and industrial projects.

Professional Experience

Senior Mechanical Design Engineer | ABC Engineering Consultants | 2020–Present

- Lead HVAC, plumbing, and firefighting design for major projects.
- Perform cooling/heating load calculations using HAP.
- Develop Revit MEP and AutoCAD models.
- Coordinate with architects, structural, and electrical teams.
- Review shop drawings and supervise design quality.

Mechanical Design Engineer | XYZ MEP Solutions | 2016–2020

- Designed mechanical systems for residential and commercial buildings.
- Prepared BOQs, specifications, and technical reports.
- Coordinated BIM models and construction documentation.

Junior Mechanical Engineer | DEF Engineering | 2013–2016

- Assisted senior engineers in MEP design.
- Prepared drawings, calculations, and material take-offs.

Education

Bachelor of Science in Mechanical Engineering

Technical Skills

HVAC Design, Plumbing Design, Firefighting Systems, Revit MEP, AutoCAD, Navisworks, HAP, MS Project, Microsoft Office, BIM Coordination, ASHRAE Standards, NFPA Standards

Certifications

Autodesk Revit MEP Professional Autodesk AutoCAD Professional
